

Sketching and Painting in Watercolour with Annette Raff

Don't paint from memory and experience, paint from what you SEE

Immerse yourself in our stunning bush setting hosted by Picots Farm for a one day tutorial with award winning artist Annette Raff and take home your very own watercolour painting. Bring your enthusiasm and curiosity and learn a variety of free-flowing techniques.

This practical workshop is suited to beginners and intermediate painters or those wishing to improve their technique in a relaxed environment in which you can learn and share in the joys of watercolour painting.

With a centuries old tradition dating from Stone Age cave painting, there is no 'one way' to paint in

watercolour. Different approaches achieve different results. Annette will demonstrate her approach to interpreting a subject with spontaneity and flare. The workshop will include designing your subject, ink pen and pencil sketching, colour mixing and applying washes. You will gain a range of new skills and be inspired to create your own painting that reflects the surrounding rural landscape.

Annette has an extensive knowledge of art and design fundamentals and is skilled in drawing and watercolour painting. She holds a Bachelor of Fine Art (Curtin University, WA) and an Advanced Certificate in Art and Design (Yallourn College of Technical and Further Education, VIC).

She is a sought after art teacher, having tutored for 22 years at TAFE, Artist Network University and the Royal Qld Art Society as well as tutoring various regional art workshops. Annette operates an art studio, has been an artist in residence in Yorkshire, UK, and has a host of awards including first and second prize in consecutive years at the d'Arcy Doyle Awards (2009 and 2010), and a finalist in the prestigious Tattersall's Landscape Prize and International Artist Magazine.
